Intro

I am a passionate software engineer as well as quick learner. I like to solve real world problem in real world application. I always try to do something innovative in the field of software engineering. Like to write software which are clean, optimize and give professional touch. I want to share my experience and Skills with the organization and help to build strong team. I always focus on quality code and eager to learn new technologies.

Technical Skills

Technologies	React.js, Vue.js, Express.js, Node.js, Capacitor.js, JAVA, HTML CSS, JavaScript, Python, Go, Java Spring Boot, Spring Data JPA
Databases	MongoDB, MySQL
Tools	Git, Postman, Netlify, Heroku, Render,

Experiences

Junior Software Engineer at Leaping Logic.

(1th July – Present)

- My Responsibility is to design website by Vue.js, Nuxt, Bootstrap, Tailwind
- As part of my responsibilities, I handle the utilization of Capacitor's tools for packaging web applications into native apps across platforms such as iOS, Android, and Electron.

Software Engineer (Intern) at W3 Engineers Ltd.

(1th December – February)

- My responsibility is to Scrap Data From Various Website by Python-Spider
- Understand the flow of project and do the functional Testing by Go Convay.

Software Engineer (Intern) at Xeon Technology Limited

(17th September – 3rd November)

- My responsibility is to Understand the existing code of project
- Implement Redux, RTK-Toolkit, Route, Context Api, GraphQL and many other thing
- Implement React-Bootstrap and CSS for styling

Front-End Developer at Maharishi Markandeshwar University (Intern)

(January 2021 – June 2021)

- My responsibility was to convert the UI into code
- Make the user Interact with application more smoothly
- Take user data and use that with professional touch

Education

Maharishi Markandeshwar (Deemed To Be University) (Haryana, India) (2018-2022)

Bachelor of Technology in Computer Science and Engineering (with Specialization in Software Development)

Percentage-79.29 %

Government Science College (Dhaka, Bangladesh) (2015-2017)

Higher Secondary School Certificate

GPA-4.5

Bangladesh Navy College (Dhaka, Bangladesh)-2015

Secondary School Certificate

GPA-5.00

Projects

E-Commerce Website by MERN Stack

- A full functional E-Commerce website where user can buy product, search product and pay for them.
- **React, React-Redux, Router, Express.js, Node.js, Bootstrap, MongoDB, Google Authentication**
- Admin can manage the order details.
- Admin will have all the permission to control the website

Project Link: <https://laptopify.netlify.app/>

Burger Builder and Order by React.js

- The user can build the burger with his/her choice.
- **React, React-Redux, React-Router, Firebase, CSS**
- User can see the Order history

Project Link: <https://deliciousburgerapp.herokuapp.com/>

Science and Engineering Calculator by Java

- This project is created considering to solve the problem of “Mars climate orbiter failure”
- User can solve equation by using this calculator
- User can save equation data in this calculator
- Result is calculated by following scientific rules

GitHub Link: <https://github.com/NeazMorshed180031/Scientific-Calculator.git>

Some Other Projects:

- Admin dashboard by using React.js
- Employee Management System By Java Spring Boot
- JWT base Login System By Java Spring Boot
- Airbnb clone by React.js
- Memory sharing App by using MERN Stack (Currently Working)
- Smart home irrigation system (IoT).
- Market basket analysis.
- Statistical graph in python.
- Statistical calculator by python (t-Distribution, Normal Distribution, Chi-Square Distribution)

Certificates

Server-side Development with NodeJS, Express and MongoDB (Coursera)

Certificate Link : <https://coursera.org/share/05c8e545d76c367db8ca93378595edb2>

Cloud Engineering Track and Data Science & Machine Learning Track in 30 Days of Google Cloud Program 2021 (Google)

Certificate Link:

https://www.cloudskillsboost.google/public_profiles/9e53020f-9f2b-469c-951d-f6929b053aab

Android App Development Training (Internshala)

Certificate Link:

https://trainings.internshala.com/verify-certificate/?certificate_number=990FDD80-A91D-914C-4D5A-5A657D64A733

Ethical Hacking Training (Internshala)

Certificate Link

https://trainings.internshala.com/verify-certificate/?certificate_number=4DD38595-341E-F21E-21B8-6CE192E60AF9

Certification Course In English (Maharishi Markandeshwar University)(January 2018 to June 2018)

Certificate Link:

<https://drive.google.com/file/d/13k9w3Kktf5cS2pIRElRcuZ8l-jUL8yKa/view?usp=sharing>

Workshops

Two Days Workshop On Micro-Controller Programming & Simulation Software

Certificate Link:

https://drive.google.com/file/d/1G_FMEuhXCRTPiMBra-TNyo4Be4p2Mr8/view?usp=sharing

Notable Competitions

Internal Hackathon for Smart India Hackathon 2020

Certificate Link :

<https://drive.google.com/file/d/1E2EilLnadRwg8WBWV7RjrkVaXJVEoFyr/view?usp=sharing>

2nd Position In Web Unlock

Certificate Link :

<https://drive.google.com/file/d/1GFS9CoHe5-f073Hq5IWa1ZPx73lH9dVP/view?usp=sharing>

HackerRank Profile

https://www.hackerrank.com/neazmorshed_sd

LeetCode Profile

<https://leetcode.com/neazmorshedsd/>

Linguistics Proficiency

Fluent in Bangla, English, Hindi

Hobbies

Travelling, Meet new people, Listen song, Reading Books

Address

Mirpur-14, Dhaka-1206, Bangladesh

Family Background

Father's Name	: Nesar Ahmed
Profession	: Junior-Commissioned Officer in Bangladesh Navy
Mother's Name	: Bithe Sultana
Profession	: Housewife
Younger Brother's Name	: Ahad Morshed
Profession	: Sub-Lieutenant Bangladesh Navy
